

Institute of Plant Protection – National Research Institute,
kindly provides the information concerning

**the 51. Scientific Session and the 60. anniversary of the IPP – NRI
to be held on 17 – 18 of February 2011
under honorary patronizing by the Minister of Agriculture
and Rural Development, dr Marek Sawicki**

Official opening of the Session – February 17, 2010 at 3 p.m.
in Aula of Adam Mickiewicz University in Poznań.

The main subject of the Session will be:

**“60 years of IPP – NRI and the future
of integrated plant protection in Poland”**

The preceding day before the Session on 16th of February (on Wednesday)
a pre – Session Symposium will be held, the subject of which is:

“Quo vadis herbology”

On 15th of February (Tuesday) is planned a preceding IV Discussion Panel on:

“Directions of changes in law regulations concerning plant protection”

Intention of the organizers is that the Session became traditionally a review of achievements of science and plant protection practice in recent years. The organizers invite all interested parties to present lectures and posters containing original results of research which may serve as recommendations for practice, and also reflecting the status in the field of broadly understood plant protection, as well as the results of organizational activities.
